Plotted Against the Czar's  
Life.

THE TARTAR RIOTS CONTINUE

300 Armenians Reported Slain.  
St. Petersburg, Sept. 12.—Many thousand Tartar horsemen have crossed the Perso-Russian frontier, and these invaders joined the insurgents in destroying Armenian villages. At the village of Minkend, three hundred Armenians were slaughtered, and dispatches say that mutilated children were thrown to the dogs.

IS NOW A HOLY WAR.

St. Petersburg, Sept. 12.—The latest advices in regard to the fighting in the Caucasus is of a disquieting nature. The struggle between the Tartars and Armenians has now assumed the aspect of a holy war. The Tartars have openly proclaimed such a war, and are engaged in an effort to exterminate all Armenians.

100 Socialists Killed.  
Tiflis, Sept. 12.—A conflict occurred here today between Cossacks and Socialists in which a hundred of the latter were killed and wounded. Many others are reported dead in the panic which occurred subsequently.

Russian Prince Killed.  
Tiflis, Sept. 12.—Prince Tzitsianoff, a landed proprietor, was assassinated yesterday at Gori.

Many Arms Discovered.  
St. Petersburg, Sept. 12.—News from Finland, of the accidental discovery of the importation of rifles and munitions in large quantities is the most serious disclosure regarding the revolutionary movement in Russia yet made, as it indicates the intention to form a regular military organization.

It is considered here that the active faction of the Young Fenoman party of Finland is probably involved in the conspiracy and it is recalled that the investigation into the assassination of General Bobrikoff, governor general of Finland, in June last year disclosed the existence of a society formed for the purpose of importing arms.

Seventeen Killed By Soldiers.  
St. Petersburg, Sept. 12.—The latest private telegrams from Baku reports the situation growing worse. Other unconfirmed dispatches assert that the rioters are stubbornly continuing their attack and that Tartars and Kurds are plundering in the "Black town" district. Dispatches say that Sunday soldiers fired into a crowd of Russian workmen, killing seventeen.

Many Weapons Found.

Helsingors, Finland, Sept. 12.—Customs officials Saturday discovered 660 carbines of a Swedish manufacture with bayonets and 120,000 cartridges on a barren island in Gulf Bothnia, near Kerni. Sunday morning a boat belonging to the customs service discovered a 300 ton steamer near Kalfskaer rock, twenty miles outside of Jakobstad. The captain declared the steamer was loaded with rifles and cartridges and thereupon the customs officials ordered him to take his vessel into port and discharge the cargo.

The steamer proceeded towards the shore, the customs boat going toward a nearby island. Suddenly several explosions were heard from the steamer and the customs officers returning found the vessel sinking and her crew in lifeboats disappearing hurriedly toward the south.

Officers immediately passed into service a number of fishermen who unloaded the most of the rifles and ammunition on the beach. The steamer grounded in shoal water. American and German flags were found on board the vessel.

THE EQUITABLE

Is to Be Run On a Business-Like  
Plan Hereafter.

New York, Sept. 12.—President Paul Morton outlined the policy of management of the Equitable Life Assurance Society in an address to 750 agents who came from different parts of the country. He said business-like methods will prevail and that investments will be of the highest character. The new management he said will insist on an annual audit of its affairs by unbiased and independent accountants and that there will be no attempt to deceive anybody. The retrenchments already amount to over \$600,000 per year and that this saving will be largely increased.

MANY WOUNDED.

At an Anti-Peace Meeting Held in  
Japan Recently.

Tokio, Sept. 12.—A late telegram from Osaka says that during yesterday's anti-peace meeting, confusion was caused by men attempting to force their way into the building in which the meeting was held.

The attempt resulted in forty persons being injured, one fatally.

More than twenty speeches were delivered to an audience which numbered four thousand.

The city is displaying half masted white flags and it is said that many persons from different parts of the empire participated in the meeting.

## CHOLERA CASES

A NUMBER OF NEW CASES AND  
SIX DEATHS REPORTED.

A Total of Sixty-One Cases Had Been  
Found at the Last Accounts.

Berlin, Sept. 12.—An official bulletin issued today says that sixteen cases of cholera and six deaths were reported from noon, September 9 to noon September 10, and 154 cases and 52 deaths from noon September 11 to noon today, making the totals 170 cases and 58 deaths.

Later it was pointed out that nine of the cases previously classified as cholera had been shown through bacteriological investigation not to be cholera and that therefore the total number of cases was 161. The new cases are distributed as follows:

Tilsit District, 1; Marienburg, 4; Graudenz, 4; Schwelke, 1; Kulin, 1; Marienwerder, 4; Fredberg, 1; Landsberg-on-the-warthe, 1; Obornik, 2; Posen, 1; Filone-Hohensalza, 1; Bomberg, 1; Wirsitz, 3; Schubin, 3; Kolmar, 1; and Czarnikau, 1.

Seven New Cases.

Bromberg, Prussia, Sept. 12.—Seven new cases of cholera were reported today in six villages in this administrative district. Two convicts have died of the disease at Gnesen. The totals on this district in which cholera cases have been more numerous than in any other section are only 33 cases and 15 deaths.

Six Fresh Cases.

Marienwerder, Prussia, Sept. 12.—Six fresh cases of cholera have been reported in five places in this district. Two deaths have occurred.

MANY ARMENIANS.

500 or More Are to Be Sent Back to  
the United States.

Boston, Sept. 12.—Advice has been received here that five hundred Armenians have been gathered at Harport and two hundred at Malatia, Turkey, and thrown into prison to be deported to this country. The prisoners, it is said, are all returned immigrants, some having come from the United States as far back as 1898. When the prisoners reach the United States, it is believed most of them will be deported.

Death at Cairo.

Cairo, Sept. 12.—Charles Malinski died last night. The deceased was 42 years old, and is survived by his mother, Mrs. Susan Malinski and four brothers, Henry, Frank, Ben and Will and two sisters, Misses Anna and Theresa.

noon on the Kaiser Wilhelm Der Grose, for St. Petersburg. Baron Kohura is ill with a severe cold, and may not be able to start for home Thursday.

## NOT A DEATH FROM FEVER YESTERDAY

No Deaths in New Orleans.

New Orleans, Sept. 12.—The fact that the general mass of people are not working with the same zeal that marked the earlier stages of the fight is given by the authorities, as one of the reasons why the yellow fever here is not declining as steadily as it was a couple of weeks ago.

The death rate continues exceeding low, however.

The situation at Teallur and Lake Providence is now causing the state board of health more concern than anywhere else in the state.

The town has less than one thousand population, but the fever is generally distributed over it and is virulent in type.

Worse at Pensacola.

Pensacola, Fla., Sept. 12.—Nine new cases and one death is the yellow fever record for yesterday. The death was that of A. Wolfburg, vice consul of Norway, who died after a brief illness. He was taken ill five days since and did not call a physician, the case being located by inspectors. A post mortem revealed the fact that he died of a most malignant type of fever.

Catholic Meeting Declared Off.

Cincinnati, O., Sept. 12.—National board American Federation of Catholic Societies yesterday decided to hold the next national meeting at Buffalo either next spring or next winter. This convention was originally announced to be held in New Orleans next October but was called off on account of the yellow fever epidemic.

Suspicious Cases in Michigan.

Menominee, Mich., Sept. 12.—It is believed that John Howe of Marinette has yellow fever. Howe returned from Louisiana Friday. He was taken sick in Chicago and it is believed he contracted the disease at New Orleans on his way home. The physicians claim the symptoms are of yellow fever.

BLACKS LEAVING.

the Stake.

Fort Worth, Texas, Sept. 12.—Following the burning of the negro at the stake in Howard county last week every black in the county has been either ordered to move out, or left voluntarily.

Cairo After \$100,000 Hotel.

Cairo, Ill., Sept. 12.—Plans are on foot to erect a new \$100,000 hotel on Commercial avenue. Mr. E. C. Allen, proprietor of the Illinois, is the prime mover in the movement and application has already been made for a charter.

As soon as the charter is secured books will be opened for subscriptions to the capital stock.

## Admiral Togo's Flagship Catches Fire, Blows Up and Sinks---599 Men Perish

London, Sept. 12.—The correspondent of the Reuter Telegram company at Tokio, wires that the Japanese battleship Mikasa caught fire and sank yesterday. The Mikasa was one of the most powerful war ships in the Japanese navy and was Admiral Togo's flagship during the recent great battle with the Russian fleet in the Sea of Japan.

Five hundred and ninety-nine officers and men, almost the entire complement of the famous warship, which bore the brunt of the naval battles with Russia, went to bottom

## NEW YORK AROUSED OVER HOTEL MURDER

Man Who Appeared to Have  
Suicided, Was Killed.

Large Sum of Money and a \$1,100  
Pin Have Not Been Found—A  
Tell-Tale Bruise Near Ear.

THE CORONER IS INVESTIGATING

New York, Sept. 12.—What may develop into another mysterious hotel murder like that of Jacob H. Thompson, a well-known editor, was discovered yesterday in an obscure hostelry at Sixth Avenue and Fifty-sixth street.

Through the odor of escaping gas, a maid in the hotel was drawn into a room occupied for the night previous by Alfred Krattinger, a public accountant, who lived with his wife, father and brothers in West Fifty-second street. The room was broken open and Krattinger found dead in the bed.

There were no signs of violence and it appeared to be a commonplace suicide, such as coroners handle a dozen times a week. A coroner and detectives made a systematic examination of the body and the room, and began to discover things that set them to thinking. It was observed that the transom of the room was half open, while the room showed none of the usual preparations for suicide by gas. When the coroner came to examine the body closely he noticed that the face was not blackened or discolored, as frequently happens in asphyxiation cases.

Then he saw a large bruise just over the right ear, near the temple. It was such a contusion as might have been caused by a hard fall or a blow from a heavy stick or blunt weapon. The coroner could not determine from cursory examination whether the skull was fractured. That will be determined by the coroner's physician.

Krattinger's brothers told the coroner that there should be found on the body a diamond pin worth \$1,100 and a considerable amount of cash. The only thing found in the pockets was a cheap pocket knife. There was no trace of the diamond pin.

It was subsequently ascertained by the coroner that the hotel register had been tampered with and the time of Krattinger's arrival changed. The hotel employees professed entire ignorance as to who made the change. Krattinger's father and brothers declared after the examination that they were positive the accountant had been murdered in his room early yesterday morning for his money and pin and that the thief and murderers had escaped by the Sixth Avenue window after arranging the body neatly and turning on the gas to create the impression of suicide.

LIVELY SHOOTING.

Followed Attempt to Break Up a  
Political Meeting.

Valencia, Spain, Sept. 12.—An attempt by Monarchists to break up a meeting of Republicans last night was followed by much shooting and twenty-five were wounded, five fatally.

The Republicans won a victory in the election Saturday and were celebrating their success.

Railroad Magnate Meets President.

Tokio, Sept. 12.—E. H. Harriman, the American railroad magnate, was presented to the mikado today.

INNOCENT MAN

Hanged for Murder Another Man  
Now Confesses to.

Minot, S. D., Sept. 12.—"When my lifeless body is found notify Mrs. Catherine Herzog, of Girard, O. The enclosed letter will reveal my identity and the awful secret of my wretched life. I can endure it no longer."

The foregoing note was found by Frank Beyer, who lives on a claim near Hiddenwood, this county. It was written by one of his harvest hands called Frank, who had disappeared.

In the letter, the writer, who signs himself Charles Herzog, says: "Dear Mrs. Byer—In the early seventies Charles Sterling, a supposed tramp, was tried for the murder of Lizzie Grombacher, a beautiful young woman residing near Youngstown, in Mahoning county, O. He was convicted on circumstantial evidence and was hanged for the crime in the county jail at Youngstown."

"Charles Sterling was an innocent man. I am guilty of the murder of the young girl. (Signed.)

"CHARLES HERZIG."  
Byer and his neighbors have made a search without success for the body of Herzog.

BRUTE ELECTROCUTED.

Henry Manser Executed in New York  
Prison For Murdering Little  
Girl.

Auburn, N. Y., Sept. 12.—Henry Manser, the farm hand who murdered Cora Sweet, aged twelve, last May, was successfully electrocuted in the prison here this morning.

The execution was featureless. Manser's crime was most brutal. He met the little girl on her return from Sunday school, lured her into the woods, assaulted her, and pounded her head into a shapeless mass with a stone. He confessed the crime.

## WRECK WAS CAUSED BY CARELESSNESS

Switch Was Open and the Mo-  
torman Disregarded Signals.

Twelve Dead From the Elevated Car  
Disaster in New York City  
Yesterday.

SEVERAL OTHERS MAY DIE

New York, Sept. 12.—The death list of the accident on the Ninth avenue elevated railroad, when a car crowded with passengers pitched headlong into the street, stands at 12.

Three men are in hospitals with fractured skulls. One of these, who as yet remains unidentified, is unconscious, and is not expected to live.

The motorman of the wrecked train is a fugitive while a switchman, conductor and four guards are under arrest.

The switchman is charged with manslaughter and the trainmen are held as witnesses. Whatever may have caused the mistake, the accident came when a southbound train on the Ninth avenue line was switched off to the Sixth avenue line at 43rd street junction.

The motorman, expecting a clear track on the direct line of Ninth, or disregarding the warning signals that the switch was open, rushed his train along at high speed. The first car swung around the curve, holding to the rails because of the weight of the train behind.

The strain became too great, the couplings broke, the second car was whirled, about almost end for end and to the horror of those who looked on from below, pitched into the street.

The side of the car gave way as if made of pasteboard, belching out a mass of humanity. Others were thrown into a mass at the forward end of the car. As the injured were struggling to free themselves, the front trucks of the third car fell almost in their midst as the car itself jumped partly off the elevated structure and was wedged against a neighboring building.

Eight persons were dead when taken out of the wreck and four died later at the hospitals.

Conductor Johnson declares that the signals were set wrong and that that was the cause of the accident. The switchman, however, insists that the train, instead of slowing down at the curve, maintained its usual speed.

COWAN CASE

Went to the Jury About Noon Today  
Smithland, Livingston County.

The case against James Cowan, for killing Warren Woodward, near Smithland, Ky., two or three years ago, was finished this morning at Smithland and given to the jury a short time before noon.

Cowan worked on Woodward's place and their children had a quarrel which resulted in Cowan shooting Woodward. Cowan was arrested near Reelfoot Lake, Tenn., several months ago, and made his escape a short time subsequently from the Smithland jail, but was recaptured.

This afternoon at press time the jury was still out.

ANOTHER FAILURE

For the Man Who Attempted to  
Swim the English Channel.

Dover, Sept. 12.—The latest attempt of Burgess to swim the English channel resulted in the same lack of success as that which marked his former efforts. The latest trial was made last night. Burgess was compelled to give up early this morning after completing six miles. He was overtaken by cramps and seasickness.

## Several Paducah Inventors Have Hit on Good Things For Railroads

During the past year, it seems, the germ of invention has developed in the brains of Paducahans and grown with remarkable rapidity.

Paducah inventors have taken a turn towards railroading and a majority of the patents granted have been for railroad appliances. Mr. Samuel Foreman has invented an appliance to prevent head-end collisions and the invention is said to bid fair to make a fortune for the inventor.

Mr. Finis Fields of the I. C. shops, has invented two appliances, one making it possible to run a train with a flat wheel, which will be a great time

saver to roads using it.

Mr. Fields' other patent is an anchor for a wrecking tackle. This is probably the more useful of the two.

Another invention is a patent automatic locking switch stand invented by Messrs. Stoddard Robertson and Robert Richardson, young men of the city.

Another patent is a brake shoe socket invented by Henry Urkhart colored, a local I. C. switchman.

These are the most important and promising inventions by local men and all promise to make fortunes for the inventors.

Mayfield, Ky., Sept. 12.—Mrs. Anna Brown, aged 34, a widow of this city, met with a horrible death. She had been out in the garden, which was along the creek, gathering beans for dinner, and when she started home made a misstep falling over the high embankment into the creek, and before any one missed her she was drowned. Her body was found several hours afterward terribly bruised by coming in contact with the jagged ends of the protruding rock in the banks of the creek. She left three small children.

### Ought to Be Done Everywhere.

Frankfort, Ky., Sept. 12.—Circuit Judge Stout, in making his charge to the grand jury delivered a strong direction on the subject of vagrancy. "There are but three ways of making a living," said the judge; "that is to work, beg or steal. The presence of so many idle men on our streets is a menace to our social fabric and a subject which should be thoroughly investigated and the law enforced." Judge Scott spoke at length on this subject and instructed the grand jury to enforce the law on idle men not having visible means of support. Advertisements are inserted in the local papers wanting laborers on the capitol and other work, and there is no excuse for an idle man here.

Inspections Are Being Made Rapidly—Another Special Run Out of Paducah Today.

Now that the tide of fall trade is setting in, and the business of the I. C. particularly on the Paducah and Louisville districts where a great deal of coal handling is necessary, officials are making inspections preparing for the rush, and the second train within 24 hours was made up and run out of Paducah as a special inspection of the Paducah district.

This morning Mr. H. McCourt, superintendent of southern lines of the I. C., with J. F. Page, traveling chief dispatcher; G. H. Groce, superintendent of telegraph; L. E. McCabe, trainmaster of the Paducah district; F. L. Thompson, roadmaster of the Louisville division; and W. W. Etheridge, a signal service inspector, left at 6 o'clock on a special train for Central City, and will there take the regular fast train, No. 102 to Louisville, arriving tonight. The party is looking over the track, wiring and the general condition of the division.

Yesterday with General Manager I. G. Rawn the same party went to Cairo and inspected the Wickliffe grading and other improvements, returning last night. The report that they had gone to Hopkinsville for inspection or intended going over the T. C. road, was erroneous.

A mule by any other name would kick just as hard.

We are showing all the new imported and domestic Suits for fall and winter, and shall be pleased to show them to you.

#### TWO DROWNED.

One's Dog Attempted in Vain to Save His Master.

Evansville, Ind., Sept. 12.—Earl Hartman, aged 28, of Kokomo, Ind., and Matthew Yates, aged 30, of Owensboro, Ky., were drowned in the Ohio river here.

The men were glassblowers, and with four other glassblowers, were returning from an outing across the river, when their skiff struck the waves made by the steamer Louisiana. The skiff capsized and Hartman and Yates floated under a raft of logs and were drowned.

Hartman's dog, which was along in the skiff, held to his master's coat and barked piteously at Hartman went down for the last time. The bodies of Hartman and Yates were recovered.

#### To Have Unique and Fireproof Home.

Dr. P. H. Stewart is preparing to erect a \$6,000 home near Ninth and Monroe streets. Architect O. D. Schmidt has the contract for drawing the plans, and the house will be as nearly as possible of concrete. The foundation will probably be built this fall and allowed to settle, and the house proper built next spring. Everything possible will be concrete thus making the house sanitary, fireproof, cool, indestructible and in addition something very unique for this part of the state.

## A STRONG FIGHT FOR PURE FOODS

Reports to be Made to All the  
Grand Juries.

Kentucky Produces Many Violations  
in Many Shapes Every Day, It  
is Claimed.

#### NATIONAL PURE FOOD MOVE.

Louisville, Ky., Sept. 12.—R. M. Allen and B. F. Schirffus, of the state food department at the experiment station in Lexington, were in Louisville yesterday on their way from Henderson, where they gave testimony before the Henderson county grand jury regarding adulterated food found in Henderson this summer.

The adulterations discovered were boric acid in sausage made by Swift and Armour, saccharine in canned corn and aniline dyes in cheap jellies. The Henderson county grand jury recently fined a dairyman for putting formaldehyde in milk.

#### Fines Confessed.

Several Owensboro grocers confessed fines last week in warrants issued against them for food adulterations similar to those just reported to the Henderson court.

Over sixty cases against violators of the state food law have been reported to the September grand juries over the state, and as many more are in preparation. Violations have recently been reported in Henderson, Owensboro, Paducah, Corydon, Pewee Valley, Anchorage, Madisonville, New Castle, Cynthiana, Falmouth and Somerset of the stores which supply the mining camps in Eastern Kentucky.

#### Study of Milk Supply.

In connection with the court work the staff of the food department are making a systematic study of milk supply of Kentucky, with a view of helping the dairymen improve their methods of producing and marketing butter and milk. This work will extend to the whole state, and it will be taken up in and around Louisville in the early fall.

Secretary Allen said at the Galt House last night:

"Director Scovell thinks that eight years of warning and co-operation with the manufacturers and dealers is long enough to acquaint all with the law and he has ordered a strict prosecution of all violators. This will be the policy in Kentucky from now on. Most of the grocers are selling better foods; some of them are still careless; many of the manufacturers are keeping their word, that adulterations will be kept out of Kentucky; others are doing everything to evade the law."

#### National Food Law.

Secretary Allen, who is also Secretary of the National Pure Food Association, was asked regarding the national food law, and said:

"The fight for the bill will be begun by stronger forces than ever when congress convenes. Congressman Hepburn, of Iowa, will give the bill first place in his work this winter, and he will guarantee its early passage in the house."

"Senator McCumber will continue his long efforts to give all opponents of the bill a full hearing before the senate committee and to report the fairest bill possible to form."

#### President's Position.

"President Roosevelt declared himself emphatically in favor of a law to prevent interstate shipment of adulterated foods to the committee of food commissioners and manufacturers."

ers favoring the bill, which called on him last February.

"The bill is nothing but a proposition to label foods and drinks so as to show exactly what they are. It is a fair and a practical measure, and one which will ultimately pass. The interests who make good imitation foods, but sell them under the names and trade terms of the genuine products are making a mistake in helping the food adulterators delay the bill. These imitation products must go on the market at last for what they are, and then they will be in such public disfavor that their sale will be destroyed."

"I hope to see the fairest bill possible to form, and then the fight for its passage made an issue of principles, and not motives and personalities."

#### EDDYVILLE MAN

Was Great Nephew of Betsy Ross, Who made First American Flag.

Mr. William Milton Bowman, of Eddyville, who died Saturday, and who was a cousin of Messrs. J. E. Thomas and George Baker, of Paducah, was a man of great prominence, and was in addition a great nephew of Betsy Ross, who made the first American flag.

A dispatch gives complete details of his life than published yesterday, as follows:

Kuttawa, Ky., Sept. 10.—William Milton Bowman, of the firm of Bowman & Catlett, of Eddyville, Ky., died last midnight of heart failure. He had been in failing health for several months and had spent several days at Dawson Springs a few weeks ago.

Mr. Bowman was born in Jeffersonville, Ind., February 7, 1831. He was the son of Hanson Bowman and Mary Ann Applegate Bowman, both of whom died when he was very small. After the death of his parents he made his home with his grandfather, Aaron Applegate, until he reached manhood, Mrs. James Lester caring for him part of the time. He engaged in merchandising with Jas. Lester in 1855, and through all the

intervening years he has pursued that avocation. He had been twice married, leaving one daughter, Mrs. O. C. Catlett, wife of the surviving partner, and second to Miss Martha A. Hunter, who survives him. Mr. Bowman's great aunt, Betsy Ross, made the first American flag. Mr. Bowman had been an active and influential member of the Methodist church for over fifty years. In his business career he had been successful and leaves his estate, which consists for the most part of realty, negotiable paper and life policies, to his widow and daughter.

#### ANNUAL CONFERENCE

Of Kentucky Y. M. C. A. Officers Begins Tomorrow at Anchorage

The annual conference of employed officers of the Young Men's Christian Associations of Kentucky will be held Wednesday and Thursday at Bellewood Seminary, at Anchorage. A full and interesting program has been arranged by the committee in charge, which is composed of W. F. Maylott, of Owensboro; P. C. Dix, of Louisville; D. D. Taylor, of Russell and State Secretary Henry E. Rose. The presiding officers for Wednesday evening and Thursday morning, afternoon and evening respectively are: P. C. Dix, D. D. Taylor, L. J. Darter, of Henderson and W. L. McNair, of Louisville. Among the features will be the normal Bible class conducted at each session by Frank M. Burt, of the Chicago Institute and Training school, discussions of the railroad and physical departments by Sidney N. Jones and H. E. Mechling, both of Louisville, and an address by B. R. Barber, missionary to Calcutta, now in this country on a furlough.

Mr. P. C. Dix, who has been in the city several days, left today to attend the meeting.

General Secretary Godfrey, of Paducah, will be unable to attend.

#### Shooting at Ninth and Washington.

Joe McClure colored, is wanted for shooting John Pickett, colored, in the leg. The shooting occurred

late yesterday afternoon near Ninth and Washington streets. It is claimed that Pickett found McClure talking to the former's wife and raised a row. A fight ensued and McClure drew his pistol and shot Pickett through the right leg. The injured man was arrested and locked up for a breach of the peace and McClure escaped.

#### College Committee to Meet.

Chairman H. C. Rhodes, of the Methodist college committee, has called a meeting of the committee for this afternoon at 3 o'clock in Attorney Charles K. Wheeler's office. The committee and sub-committees are doing excellent work, and have several fine sites. They expect to land the college when the time comes.

### Daily Thought.

It's a poor architect who is unable to draw his own conclusions.

**HOW ADVERTISING A CITY PAYS**  
Mr. William S. Power, of Pittsburg who has charge of the advertising being done by the 150,000 Club, of Dallas, Texas has this to say regarding the results already apparent from the active campaign:

There are direct results in evidence in the shape of quite extensive transactions, that could not have been put through had it not been for the advertising. Already there are several big deals pending in industrial and financial circles that will mean a tremendous lot to the city but they are not far enough along as yet to speak definitely about them.

In the North the men who amount to anything know about the campaign of advertising being carried on by the 150,000 Club, and are more ready to talk business propositions than formerly, this being especially noticeable in New York, though the Northwest is also greatly interested.

The advertising campaign is not only helping Dallas, but the whole state, and in some cities steps are being taken to assist in the work. In San Antonio some of the prominent business men are talking about undertaking such a campaign, and in Austin a business men's league has been formed. Houston, too, is talking of forming such an organization to work along similar plans. If the cities would all work together for Texas, and each for its own district, a tremendous power could be exerted.

Texas have been generally pleased with the work of the club for the reason that Dallas and Texas, too, have been advertised and benefited and not Dallas alone. Within a short time the visible results of the work will be shown and will prove remarkable.

A Louisville minister sees in President Theodore Roosevelt the salvation of the nation. In a sermon Sunday he said of the president: "His attitude toward the highest ideals of citizenship, the influence he has exerted over the minds and lives of the people by his voice and his pen, and by his public actions, have been a mighty incentive and inspiration for all who have the highest welfare of this nation at heart. We have had a long line of noble men in the office of president, but we have hardly had a man in that great office whose personal influence, and whose direct efforts have had such a powerful influence in fostering and furthering the high moral ideals and aims that

should guide and shape the life of his great nation."

The danger from yellow fever is not yet over. Conditions in New Orleans, where there are authority and facilities for fighting it scientifically, cannot be taken as a criterion. In the course of time it might be stamped out there even in the hottest weather, but in the parishes and other outside infected districts nothing except frost can be depended on to exterminate the germs. It behooves every person to clean up his premises, and keep them clean.

People of all parties should heed the warning going up from all parts of the state against voting to return to the viva voce system of voting. The Owensboro Inquirer says: "Remember to vote against the viva voce vote. It is the effort of machine politicians to get the people where they can control their votes by terrorism, ostracism and corruption. The secret ballot was and is worth all that was done in the constitutional convention besides."

Now is the time to begin working for a fair, complete assessment, both for the city and county. It is, or should be, plain to anyone that only a small part of the personal property particularly, is assessed in McCracken county and the city of Paducah. The larger the assessment, the smaller the tax rate. The office of assessor has too long been considered inconsequential. It is time to expect and require the assessor to do his duty without fear or favor.

Russia seems friendlier to the United States since peace was declared, but Japan's attitude does not appear to be so certain. Japan may feel that she could have licked an indemnity out of Russia, but time and Russia's vastly greater resources might have proved the error. The people of Japan should quiet down and be good.

It is claimed that graft is rampant everywhere, which may be true to some extent. One thing, however, is obvious. There will be very little of it left in government circles when President Roosevelt goes out of office.

### Police Court.

Police Judge D. L. Sanders had a light docket this morning, disposing of the business in a short time. Walter and T. M. Hudspeeth, white, who got into an argument ending in a fight at one of the South Side wagon yards yesterday afternoon, were fined \$20 and costs each.

Charles E. Cook, who ran away from Louisville with Mrs. Maggie Breedlove, a married woman, was fined \$50 and costs and the woman's case continued. She is in Louisville and not before the court.

Other cases were: Ben Jerald, Will Stewart, Thos. Terry, and Ed Gray, colored, disorderly conduct, \$5 and costs each; Alice Hodge and Warner Thompson, colored, immorality, dismissed; Dora Mayes, white, disorderly house, continued; Will Robinson, colored, breach of the peace, \$5 and costs.

### Sues Board of Health.

Cairo, Ill., Sept. 12.—Mr. John Prather, the well-known traveling man, has started suit against the Illinois State Board of Health for being detained by the quarantine officers here. He has retained W. F. Bundy and F. T. Noleman, of Centralia as his attorneys. Prather alleges that he received a permit by telegraph to enter Cairo and that the inspectors wanted to take it away from him and that they treated him with discourtesy.

Mr. Prather had the permit, but refused to show it to the inspector and was detained and after he got mad and made all kinds of trouble the officers, was sent out of town.

## SEVERAL CONVICTED IN CIRCUIT COURT

All Were for Minor Felonies—Murder Cases Continued.

The Loving Case Will Probably Be Taken Up Today or Tomorrow by the Grand Jury.

### NEWS OF OTHER LOCAL COURTS.

Judge Reed is rushing things in circuit court and keeps right up with the docket. There were several convictions today, but all were in felonies of a minor nature.

It is understood that the H. H. Loving murder case will be taken up this afternoon or tomorrow by the grand jury. One of the prosecuting attorneys said today that it was his understanding that the grand jury would start in on it today.

George Denny and Zona Moore, colored, charged with stealing \$40 from E. H. Wilson, colored, were acquitted yesterday afternoon after the case had consumed the greater part of the day.

Jim Vlahos, who was fined \$100 for beating his wife, has filed a motion for a new trial. He was originally fined \$50 in Justice Young's court and the case was appealed to the circuit court.

This morning Judge Reed issued a rule against the sheriffs of Jefferson and Crittenden counties, ordering them to show by the 13th why they did not serve subpoenas in the Willis Mount case for witnesses who are wanted by the defense.

### Today's Convictions.

Will Fox, colored, aged 18, who shot John Cobb, colored, in the Maxon's Mill section, was this morning given 19 months in the penitentiary for malicious shooting with intent to kill.

Dennis Reed, a negro boy, was given one year in the reform school for stealing Walter Sullivan's bicycle and selling it as his property.

Joe Lewis, who made a malicious attack on Hattie Pruitt, colored, was found guilty this morning and given one year in the penitentiary.

Jesse Chambers, colored, charged with cutting Charles Howard, was found guilty of cutting in sudden heat and passion and fined \$50 and costs.

These ended the cases on today's docket and Judge Reed at noon adjourned court until tomorrow morning.

### Indictments Returned Today.

The grand jury this morning returned the following indictments: Ed. Settle, colored, incest, his daughter, Lilly Settle, being the accusing witness.

Ernest Hill, Luntz Hill and J. E. Mack, charged with assaulting Robert Evans.

Alex alias "Slick" Yeltina, white, with Harry Phillips, charged with stealing a watch from Joe Warford of J. H. Ford, charged with maliciously shooting Charles Elmore.

Lee Meyers, white, charged with embezzling funds of the steamer Joe Fowler while acting as clerk.

### Yesterday's Indictments.

The grand jury yesterday afternoon returned seven indictments as follows: Joe Lewis maliciously assaulting Hattie Pruitt, by knocking her in the head with a jug at Tenth between Washington street and Kentucky avenue.

Will Fox, colored, for shooting John Cobb, a half-witted darky, out about the Maxon Mill section of the county, over a pair of gloves.

Percy Williams and William Morris charged with breaking into August Denker's saloon. The case is set for trial next Monday.

James Taylor, charged with stealing the bicycle of William Smith and selling same to Lawrence Gleeves.

Jesse Chambers, for cutting a man named Howard.

Dennis Reed, for stealing Walter Sullivan's bicycle and selling it to Henry Rondeau for \$2.25.

James Bonds was indicted for obtaining money under false pretenses and confessing, was given one year. He stole brass from the old iron furnace at Third and Norton streets and sold it to Barney Levitan. He got 75 cents for it.

### Murder Cases Continued a Week.

The case against Willis Mount for the murder of Willis Nutty, a Jockey, has been continued until Monday in order to give time to procure witnesses. Yesterday the defendant filed an affidavit for continuance saying that several of his witnesses were

A medicine to produce results must be made right. Tasteless Chill Tonics are not and we will prove it. No two bottles of tasteless tonics have the same amount of medicine, so the dose is uncertain. At least 20 per cent. of the medicine remains in the bottle. A tasteless tonic cannot usually be retained as it upsets the stomach. More salt action. They are not tasteless, as the acids dissolve the quinine producing that awful bitter taste. Then every time a dose is taken that awful shaking of the bottle. The defense will be given until Monday to locate and secure the attendance of the witnesses.

The case against Porter Hart, colored, for the murder of Douglas Merriweather, colored, near Maxon Mills, was also continued until Monday in order to secure witness from Ballard county.

**Petition in Bankruptcy.**  
William P. Lax, Calloway county, has filed a petition in bankruptcy with Clerk John R. Puryear, of the United States court, giving 82 acres of ground assets, and a store and stock of goods, which he values at \$600, but claims exemption. Among his creditors are several Paducah firms, C. H. Riecke & Sons, \$100, Covington Brothers & Company, \$100; George O. Hart & Son, \$75; while small accounts were owing to George Goodman Liquor company, and A. M. Leavison.

**Schlitzbaum Gets a Year.**  
According to reports from Eddyville, Lyon county, A. B. Schlitzbaum, arrested recently in Portland, Ore., was tried a few days ago and given a year in the Eddyville penitentiary for stealing shoes while serving a sentence there for embezzlement. He was a shipping clerk for the shoe company and in some way shipped out shoes without making a record of them, and it was some time until his "system" was discovered. He was brought all the way back from Portland, Ore.

**Preparing Cow Ordinance Transcript.**  
Police Judge D. L. Sanders has started preparing a transcript of the cow ordinance case in police court and it will be sent directly to the court of appeals and local officials who are interested in the welfare of the city will urge that it be advanced on the docket for hearing. Judge Sanders decided that the cow ordinance was null and void. Mayor Yeiser desires to appeal and test the question in the highest court of the state. Judge Sanders stated he would probably finish the transcript this afternoon and would then turn it over to the prosecuting attorney who will forward it to Frankfort.

### Arrests Today.

Bob Ward, white, was arrested this morning for fast driving on the streets and will be given a hearing before Police Judge D. L. Sanders tomorrow morning.

John Carroll, white, was arrested this morning for disorderly conduct.

### Arrested on Bench Warrant.

William Morris, colored, was arrested this morning on a bench warrant from circuit court for housebreaking. It is alleged that he broke into the Charles Denker residence and stole a lot of trinkets and money. The police will turn him over to circuit court this afternoon. He is a boy yet in his teens.

### County Court.

W. D. Melton deeds to S. M. Dorris, for \$1,050, property in the county.

J. W. Madden, of Graves county, aged 34, and Kittle Lorson, of the county, aged 25, were today licensed to wed. It will make the first marriage of both.

The order appointing Charles Michael guardian for the Looser children was this morning set aside in county court.

Joe Bondurant, as guardian for his children, Mary Clark and Robert Bondurant, was granted permission to release his ward's interest in an Equitable life assurance policy.

**Held to Federal Grand Jury.**  
Will Kirk and Will Diggs, colored, who were arrested on a city warrant several weeks ago for selling intoxicating liquor on a "trolley ride," without a license, and the warrants afterwards fled away, were today arrested by Deputy U. S. Marshal

## STICKS TO IT

CAIRO BULLETIN INSISTS ON ITS RIGHT TO PADUCAH.

We Send No One Away—Everyone is Welcome to Come Here and Stay.

The Cairo Bulletin insists on its fake about Paducah sending a man who came here from the infected districts, down to Cairo on the Dick Fowler. The absurdity of the charge is manifest when it is remembered that Paducah admits anyone, no matter where he hails from, and had just as soon, as evidenced by the action of the health boards of state, county and city, have people from the infected districts as anywhere else as we are not afraid of yellow fever here. Paducah would have no cause to send such a person to Cairo, as he would be welcome to come here and stay here. The man went to Cairo because he wanted to, or probably has simply imposed on the credulity of the gullible Egyptians. The Bulletin of today says:

"Yesterday was a quiet one in the quarantine service. Secretary Eagan and Assistant Palmer returned from Paducah and Brookport, where they went to see that the regulations of the Illinois state board of health were not being violated by skiff ferries. The Paducah authorities were extremely courteous and pleasant and assured the Illinois physicians they would do nothing that would in any way interfere with the Illinois regulations."

"The report published in the Bulletin yesterday morning that J. R. Pierce a harness maker, who recently arrived in Paducah from the fever infected districts of Mississippi, had been put aboard the Fowler and sent to the Illinois shore a few miles above Cairo, and that the man had succeeded in slipping past the guards at the upper end of town, but was later captured, has been denied by the officials of the Fowler."

"The latter say that the story is impossible, because the Fowler did not make a trip on Sunday. The Bulletin did not state that he was landed Sunday. He was put off Thursday and worked Friday and Saturday in a local harness shop. Sunday he let a chance remark drop to a fellow workman, disclosing the fact that he had been from the infected district only about twelve days and showed a health certificate issued to him in a Mississippi town. The man reported the matter to Dr. Galleond, who was then in charge, and accompanied by another health officer found him at his lodging house and shipped him to St. Louis on the next train. Before leaving he made a complete statement of the matter and told that he had been put aboard the Fowler at Paducah and made to get off the boat in a mud bank a few miles above here."

Mr. S. A. Fowler, of the packet company, has sent the following letter to Cairo, exploding the Bulletin's assertion:

Paducah, Sept. 12, 1905.  
To the Editors of the Cairo Telegram, Cairo, Ill.

Dear Sirs:—Attention has been called to the article in the Bulletin under date of Sept. 11th, which does the steamer Dick Fowler, as well as the city of Paducah, an injustice. I refer to the statement made that the health officers here shipped on the Fowler one harness maker by the name of J. R. Pierce, he having been in the infected district of Mississippi, in order to get him out of the city. I have made a personal investigation of this statement and find that no certificate was issued, and no order was given to transport any such man to Cairo or anywhere else. Neither does the register of the steamer Dick Fowler show any such passenger having embarked here at Paducah. The facts are these: The officers of the boat found a man beating his way on deck to Cairo, and landed him at Grand Chain, he having gotten on the boat

either at Metropolis or Joppa. If this is the man referred to his statements are entirely false and he has done both the boat and the city of Paducah a gross injustice. We have tried to operate the boat under the personal directions of your state and city health boards, and not once have we tried to dump into your city a single passenger who had not provided himself with a health certificate, either from the city of Cairo or the proper authorities. I hope this explanation on our part will place us in the proper light before your citizens, for we have the interests of Cairo as much at heart as we have those of Paducah. Respectfully,

S. A. FOWLER,  
For the Str. Dick Fowler.

### Through Colorado and Utah.

The Denver and Rio Grande, with its numerous branches penetrating the Rockies, have two distinct and separate lines across the mountains. Tickets reading via "The Scenic Line of the World" between Denver and Salt Lake City or Ogden, are available either via the main line through Leadville Canon of the Grand River and Glenwood Springs or via the line over Marshall Pass and through the Black Canon of the Gunnison. Tourists to and from Salt Lake City, Ogden or San Francisco, will find it to their advantage to have their tickets read in both directions via this route, thus being able to use one of the above lines going and the other returning. Write S. K. Hooper, G. P. and T. A., Denver, Col., for illustrated pamphlets.

### Excursion to Philadelphia.

On account of Patriarchs Militant and Sovereign Grand Lodge, I. O. O. F., the Illinois Central Railroad company will, on September 13 and 14, sell first-class tickets from Paducah to Philadelphia, Pa., and return for \$23.25. Tickets good only for continuous passage in each direction, and must be deposited with the Joint Agent in Philadelphia immediately upon arrival and will be good on the return trip not earlier than September 16, or later than September 25th. An extension of limit until October 5th, may be obtained upon payment of a fee of \$1.00. For further particulars apply

NEW SEWER DISTRICT  
IS BEING LAID OFF

It Will Extend From Kentucky  
Ave to Trimble.

Will Take in Block of Territory as  
Far West as Fountain Ave-  
nue.

## ENGINEER NOW DRAWING PLANS

Mr. Robert Richardson, draughts-  
man in City Engineer Washington's  
office, is at work on a map of a pro-  
posed new sewerage district, and will  
have it completed in a few days.

There has been an urgent demand  
for some time from the residents in  
the West End, in the Fountain ave-  
nue district and from the school  
board, for sanitary sewerage, and the  
engineer is preparing the map in  
question to submit to the board of  
public works and the legislative  
boards showing just how and where  
the pipes can be extended.

The present district is from the  
river to Ninth and from Ohio to  
Trimble streets and the proposed ex-  
tension will take in a new territory  
from Court to Trimble as far as  
Fountain avenue. The main sewer  
will be brought down Jefferson  
street to Ninth and from Ninth to  
Kentucky avenue and empty into the  
lowest point of the sewerage? In  
this way a better drain can be se-  
cured.

The matter of making sewerage ex-  
tensions with the uncertain grades  
of the city is difficult, and has been  
cited to the boards by Engineer Wash-  
ington time and time again. He is  
having the map prepared that the  
legislators may see just how the ex-  
tension can be made and at what  
cost. The proposed extension will  
take in a territory reckoned to be  
one-fifth the total district at present.

## METROPOLIS NEWS

Mrs. Mary Wiant died at her resi-  
dence in the northeast part of town  
Monday morning after an illness of  
dropsy, kidney and heart trouble.  
lasting since February. She would  
have been 72 years old the 15th of  
this month. Mrs. Wiant was the  
widow of David Wiant, who died  
here 18 years ago. The family  
came to Pope county, Illinois, 39  
years ago from Sciota county, Ohio.

Three children survive her: William,  
deputy policeman of this place; David  
of Hamilton, Ark., and Mrs. Alice  
McFarland. Deceased was a mem-  
ber of the Methodist church and was  
a most exemplary woman. Funeral  
services were held today by Rev. W.  
T. Morris, and burial in the Mitchell  
cemetery.

Joe Waters and wife, of Paducah,  
spent Sunday in the city, guests of  
Mrs. Emeline Still.

Ernest Copland, of Golconda, spent  
Sunday here with home folks.

John Copland who has opened a  
new livery stable here, is receiving a  
fine lot of buggies, perhaps the most  
complete assortment of vehicles ever  
brought to the city by one person.

Oscar Johns, Frank Kluge, Julius  
Well, Theodore and Herbert Rhein-  
hardt, all of Golconda, and well  
known here, spent Sunday with  
friends and attended the ball game.

Edward Ward has moved his fam-  
ily back to Metropolis from Oaktown,  
where he has been working for sev-  
eral weeks past.

Edwin Corlis, the popular travel-  
ing representative of the Espanol Ci-  
gar Factory, has "took to the road"  
again after a visit of several days to  
his family.

Miss May Bailey, of the State Ho-  
tel, left Monday for a several weeks'  
visit to friends in St. Louis.

Rev. Nweya, a Persian, lectured  
to a large audience at the Methodist  
church Sunday. His talk on "Persia  
and Its Customs" was both interest-  
ing and instructive.

The best ball game of the season,  
both from point of attendance and  
field work, took place Sunday. The  
Carterville team, one of the best am-  
ateur aggregations in Southern Illi-  
nois, played the Metropolis Blues a

return game, and although assisted  
by imported players, and good ones  
at that, met with defeat, the score be-  
ing 6 to 4. The Blues have a re-  
markable season's record and Metrop-  
olis people generally are proud of  
"our team."

Squire Wright performed the cere-  
mony Monday which united for life  
James F. Giltner and Miss Jennie  
Morrison, prominent people of Union-  
ville. They were accompanied by the  
bride's two brothers.

The U. S. dredge tender, Lookout,  
is at the foot of Jefferson street. She  
is the Tennessee river dredge boat  
and will return to that river in a  
few days.

The Savannah is laid up at St. Lou-  
is on account of the dullness of trade.  
The Memphis is also at St. Louis.

The Warren arrived from Cincin-  
nati this morning and has tied up at  
the lower wharf. The Warren is a  
fast little boat and will probably  
take the place of the Dick Fowler  
the latter part of this week, in the  
Cairo-Paducah trade.

The Wash Honshell was up from  
Cairo today with empties.

The gasoline boat Hazel, was the  
Dycusburg boat today.

The Royal was the Golconda boat  
today.

The stage here this morning was  
6.0 with a fall of 0.2 since yesterday  
morning.

Deputy U. S. Marshal George Saun-  
ders will tomorrow at 10 a. m., sell  
to the highest and best bidder the  
steamer Charleston, moored at the  
foot of Ohio street. The boat is own-  
ed by Captain J. B. Smith and Mr.  
Eaton, latter of Mt. Vernon, Ind., and  
libels to date against her amount to  
about \$1,450. Yesterday two more  
were, filed, one for \$10 Doc Roberts  
claims for services as clerk aboard  
the craft and the other is for \$15  
worth of supplies furnished by a con-  
cern.

The quarantine is causing a good  
deal of trouble to the boats running  
on the Mississippi, as shown by the  
experience of the tow boat, Pacific  
No. 2. The Pacific is towing out of  
Cairo and the other day, with a tow  
of lumber from the Cairo mills, at-  
tempted to land at Helena, Ark., for  
fuel. Here they were met with a  
volley from Krag-Jorgensons, fired  
by the state guards doing quarantine  
duty. The Pacific's crew decided that  
she didn't want fuel and kept mov-  
ing. She succeeded in carrying her  
tow all right and was lucky enough  
to secure enough fuel to return to  
Cairo.

Colonel James Pell, who was pilot  
on the Robert E. Lee when she won in  
the famous race with the Natchez, ar-  
riving at St. Louis on July 4, 1870,  
six hours ahead of her rival, will  
take the steamer Columbia, now at  
Howard ship yards, Jeffersonville to  
New Orleans. The boat belongs in  
the Red river trade.—Cairo Bulletin.

## THE ASSOCIATION SCORES A POINT

If it is True That the Regie Buyers are Forced to go to it.

Important Meeting Held at Hopkinsville—Tobacco Men Are Greatly Interested.

### THE CLARKSVILLE MARKET

Tobacco buyers, as well as tobacco raisers, are much interested in late reports from Hopkinsville. A dispatch was last week sent out from there that Mr. Ferigo, the Italian buyer in this country, was there a few days ago and held a conference with representatives of the Dark Tobacco Growers' Association, which was organized to fight the trust. Paducah tobacco men who were in Hopkinsville at the time say they do not believe Mr. Ferigo held any conference with the association men, but it is possible he did so without their knowledge.

The interest which centers in the episode is from the fact that if the Italian government buyers have been forced to go to the association, the latter has won an important victory. The Italian buyers are said to be in direct and complete opposition to the various tobacco growers' organizations, and it is said that it has been the boast of Mr. Ferigo that he would never buy a hoghead from any of them.

If the conference was held, and the Italian buyers have been forced to buy from the association, it will mean an important victory for the growers.

The Hopkinsville New Era of yesterday says:

That the deal between the regie representative and the Dark District Planters' Protective Association has practically consummated may now be stated as an undeniable fact. Both parties appear to be highly pleased with the situation, though they say they are not ready to make the details of their negotiations known, and are preserving more secrecy than did the peace plenipotentiaries at Portsmouth. Their action will likely arouse more interest and prove of more importance to the people in the dark tobacco region than the signing of the peace treaty. If trust may be placed in reports from tobacco men standing high in the councils of the parties to the Hopkinsville conference, the regie people are after about seven thousand hogheads of certain types of tobacco and the prices under consideration range from \$6.50 to \$11.75.

A dispatch from Clarksville to the Nashville American says the agent of the French government, who has purchased 4,000 hogheads, is after more. The correspondent continues:

"There was a big manufacturer here this week going over the types. He made a good purchase and will probably want more. An agent for the Austrian government is here going over fine types of Austrian wrapper. Algiers, Africa, is calling for 2,600 hogheads. Stockholm, Sweden, is also making inquiries.

"The most important news, however, is that a syndicate is said to be under consideration by New York and Bremen capitalists, tobaccoists backed by millions, for the purpose of buying every pound of tobacco held by the farmers, and the agent of this syndicate may be here next week.

"The working force at the headquarters of the association is very busy going over the types and getting up new samples, which will take them six or eight weeks to complete before trades can be confirmed."

### Clarksville Tobacco Market.

Clarksville, Tenn., Sept. 12.—The receipts last week were 132 hogheads, total sales 201 hogheads. The public offerings were mainly the lower grades of leaf, for which the market was again stiffer. It is an open secret that there is a big trading going on at Hopkinsville between an Italian buyer and the Planters' Protective Association for all of its holdings of Italian grades everywhere and the result is awaited with a great deal of interest. The following prices are quoted:

Low lugs	\$3.50 to \$4.00
Common lugs	4.25 to 4.50
Medium lugs	4.50 to 5.00
Good lugs	5.00 to 5.25
Low leaf	5.00 to 6.00
Common leaf	6.25 to 7.25
Medium leaf	7.50 to 8.50
No good leaf, fine leaf or selections offered.

## TRUANCY LAWS

THIS SHOWS WHAT THE LAW REQUIRES OF PARENTS.

All Fines Assessed Go to the School Fund—No Truant Officers Here.

The attention of parents is called to the truancy law for cities of the first, second, third and fourth classes as passed by the last legislature.

The act provides that the parents in the cities of the class designated must see to it that their children between the ages of eleven and fourteen years must attend either the public or some private school for a full term of six months. The only excuse which may be offered for the child not attending the common schools or the accredited private schools is that the child is either physically or mentally unfit to leave its home.

The measure further provides that the board of education must appoint one person for every three thousand people under their supervision whose duty it shall be to examine into all cases of truancy, which the school board in Paducah has not done. Upon finding a truant the officer must notify the parent or guardian of the truant. Upon failure of the parent or guardian to have the child attend school a fine of not less than five nor more than ten dollars is assessed for the first offense and for every offense thereafter a fine of not less than ten nor more than fifty may be levied.

The officer is empowered to keep a record of all truants for the supervision of the trustees and the money secured from the fines goes to the school fund.

### MEAT SELLERS.

Are at Odds—Butchers to Protest to the City in a Petition.

The butchers, who pay license, and rent stalls from the city at the market on which to do business, are complaining of meat peddlars who go about the city and sell meat without paying either license or stall rent.

The butchers have prepared the following petition to present to the council at its meeting next Monday night:

Paducah, Ky., Sept. 9, 1905.  
To the Honorable Mayor and General Council, City of Paducah, Kentucky:

Gentlemen: We, the undersigned butchers of the city, request that you take some measure to stop the peddling of meat on the street. It interferes with us very materially and we feel like that we are the largest license payers in the city, and that we should be protected; also the meat sold on the streets is not inspected by your meat inspector, and sometimes these people sell meat that has been killed by railroads or by trees falling on them, and the meat is not wholesome.

Please give us relief as soon as possible, and greatly oblige.

Respectfully,

### SMALL WRECK

I. C. Freight Train Jumps the Track Near Cerulean.

An Illinois Central freight train was wrecked between Cerulean and Otter Pond, the engine, jumping the track and six cars being piled in a heap on the track. The wreck occurred on a trestle at the foot of a heavy grade. One end of the trestle was torn away and the track badly torn up. The damage has been repaired.

### Church Floor Gave Way.

## K. OF P. GRAND LODGE AT HOPKINSVILLE

Will Meet October 3 For a Three Day's Session There.

Messrs. Al Young, Alex Kulp and L. S. Gleaves to Attend From Paducah.

### PROGRAM FOR OPENING DAY.

The Kentucky Grand Lodge of Knights of Pythias will meet in annual session in Hopkinsville October 3, 4 and 5. It has been twenty years since Hopkinsville entertained the grand lodge.

There are nearly 600,000 Pythian Knights in the United States, and about 12,000 in Kentucky. Between 400 and 500 visiting Knights will attend the Hopkinsville meeting, and Hotel Latham has sent out notices to the traveling men that the hotel will be given over to the Pythians during the three days of the meeting, and requesting that they time their visits so as not to conflict with the meeting.

All of the grand lodge sessions will be held at the tabernacle, and a public welcome will be extended there on the first day of the meeting.

The grand lodge officers are: Grand Chancellor Commander, W. F. Schurman, Carrollton; Grand Vice, Chancellor, T. G. Stuart, Winchester; Grand Prelate, M. H. McKee, Covington; Grand Keeper of Record and Seals, John W. Carter, Owensboro; Grand Master of Exchequer, Jule Plummer, Newport; Grand Master-at-Arms, George D. Young, Louisville; Grand Inner Guard, O. K. Pollard, Jackson; Grand Outer Guard, C. F. Saunders, Franklin; Supreme Representative, Thomas B. Matthews, Petersburg, and W. C. Quinby, Dayton.

The state convention of the Rhythmic Sisters will be held at Hopkinsville at the time of the grand lodge meeting. This is an order for ladies and is connected with the Pythian order.

The program for the opening session at 9:30 o'clock October 3 at the tabernacle follows:

### WILL BUILD RAILWAY.

To Protect India in Case of Invasion.

Lahore, India, Sept. 12.—As one visible evidence of the triumph of Lord Kitchener's ideas for the adoption of changed policy in India looking to the defense of country in case the time ever comes when a Russian invasion is made. The construction of a railway through and beyond Khyber Pass will be begun at once. The single purpose of this road is to put the Indian army in a better position for defending India from invasion.

# THE KENTUCKY GLASS AND QUEENSWARE COMPANY TO QUIT BUSINESS

**The Sale Will Commence Friday, Sept. 15, and Continue Until Everything is Sold; Everything Will be Sold at Cost**

**WE** are going to quit business, so, commencing **Friday, September 15**, we shall inaugurate a sale of our entire stock of Queensware, Glassware, Cut Glass, Enamelware, Tinware, Silver Plate ware, Plain and Fancy Lamps and all kindred lines at cost. This is not an advertising scheme but a positive closing-out-to-quit-business sale.

Every item in the store will be sold at **ABSOLUTE FIRST PRICE--COST**, and nothing whatever will be reserved. Therefore this is one of the greatest opportunities ever offered the housekeepers of Paducah to stock up on anything in our lines.

Every one knows the high grade character of goods we carry, so they need no words of commendation from us at this time. The goods are here to show for themselves.

Tomorrow we shall quote you some prices to show you just how cheap things will be sold and it will pay you to watch for our announcements each day. The entire stock must go, and it will no doubt go rapidly. Early buyers will, of course, have the advantage of the entire stock. All sales cash.

### THE ENROLLMENT LARGER THAN USUAL

**And Pupils are Still Coming Into the Public Schools.**

**There is Already an Average of About Forty to the Teacher.**

### LITTLE CONFUSION TODAY

The enrollment of pupils in the Paducah public schools for the first day equals the average attendance of the entire last two terms, and the prospect is for 300 more entries before the month is out.

Today there is an average of 40 pupils to each teacher, and this is as many pupils as a teacher should have. Supt. Leib thinks. In the primary grades the overflow is particularly noticed and is being remedied the best way possible by the division of pupils and transfers to other schools.

Miss Ellen Willis at the High school, primary department, has an overflow and also has the primary department in the Franklin building. Transfers were made to other schools in the latter case and divisions made at the High school.

The following figures will show the enrollment up until the close of school yesterday afternoon: Total enrollment, 2,728, white enrollment, 2,045, colored enrollment, 737.

The enrollment at the schools is as follows:

McKinley, 151;  
Franklin, 320.  
Lee, 297.  
Longfellow, 224.  
Jefferson, 344.  
Washington, 709.  
Lincoln, 366.  
Garfield, 371.

This morning there was comparative little confusion in the schools, all pupils having secured books. There seems to be an eager interest among the pupils which is great encouragement to the teachers.

The total enrollment last year at the close of the first month was 3,155, which was an increase of 174

over the preceding year. This makes it necessary for less than four hundred pupils to come in now to make up the total at the end of the first month last year.

### Teachers to Appoint Committees.

Next week probably, after the schools have settled and all confusion attending the opening of school has been dispelled, the teachers will meet to appoint committees to select a course of study for the teachers, who meet once each month by school board requirement, and hold literary exercises.

The teachers may select any course they desire but must attend the meetings and participate in the program when called on. Last year the History of Education was the course adopted, and while the inclination of the tutors seem to lean towards work in an educational line, some other course that that treating on education and its application may be selected.

### Pupils Also to Organize.

Following the organization of the teachers' society the pupils in the High school will organize their literary societies and classes. This year more social features, but not those having a tendency to interfere with the school work, will be introduced in order to promote interest in the work. This is the point brought out successfully by the colleges and universities all over the country and is essential to successful schools.

### High School Football.

There is talk among the High school pupils of organizing the football team this week. It is too late for baseball, all interest seemingly having died out in this sport, but football is the favorite game with High school students, anyway. A challenge has been issued from Metropolis for a game at the earliest date, but the local team has not made any arrangements to accept.

### CHIEF LLOYD IS OUT AFTER PENNANT

**Thinks Paducah is Entitled to it for the Season of '05.**

**Writes a Letter to Cincinnati Giving His Reasons for Thinking He Won it.**

### IS GOOD, SOUND REASONING

It remains to be seen which club, Paducah or Vincennes, will be awarded the K. I. T. pennant for 1905 in the official baseball guides. The following letter from Manager Harry Lloyd, of the Indians, to yesterday's Cincinnati Enquirer, will be of interest here. The Enquirer says: Harry Lloyd, better known as "Big Chief," disputes the claim of the Vincennes (Indiana) team to the K. I. T. pennant. Lloyd, who is a Cincinnati boy, managed the Paducah club. Vincennes was also managed by a Cincinnati, Eddie Kolb, both players having at one time played on the same amateur teams in this city. Lloyd sends the following letter to the sporting editor of The Enquirer:

"Paducah Ky., Sept. 9, 1905.

"Dear Sir: I write you these few lines in regard to several articles I have seen in The Enquirer in regard to Vincennes winning the pennant, and state how they claim it. In the first place the Paducah team has won the flag fairly and honorably by beating every club in the league the majority of games, and on their merits, having won 73 games and losing 34, with a percentage of 692, which is the highest percentage ever acquired by a club in this league. Vincennes' claim comes in this way: We organized the league with six clubs. By the month of August we were in the lead with 91 games played, 162 points. Henderson decided to quit. We had to drop Hopkinsville and go ahead with four clubs. At a meeting in Vincennes it was decided to have a four club league, and they adopted a new schedule, calling for the close on September 20. The team that was in the lead after the four-club sched-

ule was played out was to decide by seven games who was entitled to the pennant. After playing 23 games of the new schedule Princeton decided to stop; also Cairo, on account of quarantine. I had played 91 games in the six-club league, losing 23. Vincennes had played 23 games up until they decided to stop, when I was notified that the league was about up. I sold Platt to Toledo, and Frakes, one of my best pitchers, was taken suddenly ill and died. Ed Gilligan first baseman, jumped and my second baseman was sick abed, therefore, leaving me in bad shape. I picked up a few amateurs to finish with. After the Cairo series C. C. Gosnell proposed to play twelve games, six at Vincennes and six at Paducah, exhibition games. We agreed to play, and with my patched up team they beat me at Vincennes. We came to Paducah and played and I won five out of six games. Four of them were shutouts. They scored three runs in six games and we scored 21. Now you can see for yourself who is entitled to the pennant here. I would never have said a word concerning this matter if they hadn't published their pennant winner the way they did, as it has made the fans here mad the way they have claimed the pennant. And we stand ready and willing at the present time to back our original team against the Vincennes team on neutral grounds for any amount of money. By the way, if the Cincinnati club is in need of a good outfielder it would do well to try out Brownie McClain, of Cincinnati, who was here with me and who led this league with a batting average of 320, and had two errors in 107 games. I am satisfied he would make a good man. It would not hurt to give him a chance. I have given Paducah the best club she ever had this season, and we made money. I will have charge of the team for 1906, when I hope to put a better team here than the one that captured this year's pennant. We will reorganize the league with better paying tours for 1906, and have communicated with them to this effect. Thanking you for your past favors I beg to remain, yours truly,  
HARRY LLOYD.

### GOOD BUSINESS.

Is Reported By the Book Dealers.

The book dealers report a very good trade in books this season. The state adoption affected the county this season more than the city.

On account of the difference in dates of the starting of county schools, the trade is distributed among the dealers, no rush from this source being expected. The city trade, however, comes with a rush the first two days, and the dealers have had a good trade.
